

Garden City Homes

MILLBROOK MEADOW

Site Plan

 Mercia
4 Bedroom Semi Detached

At Millbrook Meadow, we have two 4 bedroom homes, large enough for growing families or those simply after a little extra space. With generous sized living areas and benefitting from Air Source Heat Pump heating systems, PV panels to generate energy and electric vehicle charging points as standard.

Being a 'Garden City', Wythenshawe has an abundance of green spaces, the largest being Wythenshawe Park which is spread over 109 hectares and is a designated local nature reserve. With a children's play area, café, community farm, three Grade II listing buildings, football pitches and cycle facilities there is so much to do and enjoy here. It's now host to Live from Wythenshawe Park, with huge music acts such as Sam Fender and Fontaines D.C. performing recently, just down the road!

Wythenshawe Civic Centre, which is set for a £20m regeneration, is within walking distance and is perfect for all your shopping needs.

The development is close to the M56 which can get you to Manchester City Centre in 15 minutes or if you prefer public transport, the nearest Metrolink station is a mile away.

The amenities are plentiful, Manchester Airport is just a stone's throw away for when you fancy jetting off for some sun, Wythenshawe Hospital is nearby and there are lots of nurseries and schools for families who are looking to settle down here.

Find your place to blossom, we can't wait to help you find your dream home at Millbrook Meadow.
